## INDEPENDENT AUDITORS' REPORT

To the Board of Education  
Jordan-Elbridge Central School District, New York

### *Report on the Financial Statements*

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Jordan-Elbridge Central School District, New York, as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

### *Management's Responsibility for the Financial Statements*

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### *Auditor's Responsibility*

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## ***Opinions***

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Jordan-Elbridge Central School District, New York, as of June 30, 2020, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## ***Other Matters***

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, schedule of funding progress postemployment benefit plan, schedule of the District's proportionate share of the net pension liability, schedule of District contributions, and budgetary comparison information on pages 4–13 and 50–54 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### *Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Jordan-Elbridge Central School District, New York's basic financial statements. The accompanying supplemental information as listed in the table of contents and schedule of expenditures of federal awards, as required by the Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The accompanying supplemental information as listed in the table of contents and schedule of expenditures of federal awards, as required by the Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying supplemental information as listed in the table of contents and schedule of expenditures of federal awards, as required by the Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

### **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated September 2, 2020 on our consideration of the Jordan-Elbridge Central School District, New York's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Jordan-Elbridge Central School District, New York's internal control over financial reporting and compliance.

Management's Discussion and Analysis  
For the Fiscal Year Ended June 30, 2020**

The following is a discussion and analysis of the School District's financial performance for the fiscal year ended June 30, 2020. This section is a summary of the School District's financial activities based on currently known facts, decisions, and/or conditions. It is also based on both the government-wide and fund-based financial statements. The results of the current year are discussed in comparison with the prior year, with an emphasis placed on the current year. This section is only an introduction and should be read in conjunction with the School District's financial statements, which immediately follow this section.

**Financial Highlights**

At the close of the fiscal year, the total liabilities plus deferred inflows (what the district owes) exceeded its total assets plus deferred outflows (what the district owns) resulting in a net position of (\$16,713,551) a decrease of \$5,502,150 from the prior year. This decrease is primarily a result of an increase of \$4.6M in estimated post-employment benefits other than pensions.

As of the close of the fiscal year, the School District's governmental funds reported combined fund balances of \$10,483,511, an increase of \$369,137 in comparison with the prior year. This increase is primarily a result of a \$1,344,991 surplus in the General Fund and \$934,447 expenditures for the Security Project improvements which has not yet been financed.

General revenues which include Real Property Taxes, Non Property Taxes, State and Federal Aid, Investment Earnings, and Miscellaneous accounted for \$31,566,779 or 92% of all revenues. Program specific revenues in the form of Charges for services, Operating Grants and Contributions, and Capital Grants and Contributions accounted for \$2,644,695 or 8% of total revenues.

**Overview of the Financial Statements**

This discussion and analysis is intended to serve as an introduction to the School District's basic financial statements. The School District's basic financial statements are comprised of three components: (1) government-wide financial statements, (2) fund financial statements and (3) notes to the financial statements. This report also contains individual fund statements and schedules in addition to the basic financial statements.

*Government-Wide Financial Statements*

The *government-wide financial statements* are designed to provide readers with a broad overview of the School District's finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all of the School District's assets plus deferred outflow of resources and liabilities plus deferred inflow of resources, with the difference between the two reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the School District is improving or deteriorating.

The *statement of activities* presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows.

The *governmental* activities of the School District include instruction, pupil transportation, cost of food sales, general administrative support, community service, and interest on long-term debt.

The government-wide financial statements can be found on the pages immediately following this section as the first two pages of the basic financial statements.

### *Fund Financial Statements*

A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The School District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance related legal requirements. All of the funds of the School District can be divided into two categories: governmental funds and fiduciary funds.

*Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating the School District's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The School District maintains five individual governmental funds; General Fund, Special Aid Fund, School Lunch Fund, Debt Service Fund, and Capital Projects Fund. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances for the general fund, the special aid fund, and the debt service fund which are reported as major funds. Data for the school lunch fund and the capital projects fund are aggregated into a single column reported as non-major funds.

The School District adopts and voters approve an annual budget for its General Fund. A budgetary comparison statement has been provided for the General Fund within the basic financial statements to demonstrate compliance with the budget.

The *Fiduciary Funds* are used to account for assets held by the School District in an agency capacity which accounts for assets held by the School District on behalf of others. Fiduciary funds are not reflected in the government-wide financial statement because the resources of these funds are *not* available to support the School District's programs.

The financial statements for the governmental and fiduciary funds can be found in the basic financial statement section of this report.

### *Notes to the Financial Statements*

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found following the basic financial statement section of this report.

### **Government-Wide Statements**

The government-wide statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes all the School District's assets and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two government-wide statements report the District's net position and how they have changed. Net position, the difference between the District's assets plus deferred outflow of resource and liabilities plus deferred inflow of resources, is one way to measure the District's financial health or position. Over time, increases or decreases in the District's net position are an indicator of whether its financial position is improving or deteriorating, respectively. Additional non-financial factors such as changes in the District's property tax base and the condition of the school buildings and facilities must also be considered to assess the District's overall health.

All of the District's services are reported in the government-wide financial statements as governmental activities. Most of the District's basic services are included here, such as regular and special education, transportation and administration. Property taxes, federal and state aid, and investment earnings finance most of these activities.

#### **Net Position**

The District's combined net position were lower on June 30, 2020, than they were the year before, decreasing by 49% to (\$16,713,551) as shown in table below.

<b>Total Net Position</b>	<b>\$ (16,713,551)</b>	<b>\$ (11,211,401)</b>	<b>\$ (5,502,150)</b>

The District's financial position is the product of many factors.

By far, the largest component of the School District's net position reflects its investment in capital assets, less any related debt used to acquire those assets that is still outstanding. The School District uses these capital assets to provide services to the students and consequently, these assets are not available for future spending. Although the School District's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

There are three restricted net asset balances, Debt Service, Capital Reserves, and Other Purposes.

## Changes in Net Asset

The District's total revenue increased 2% to \$34,211,474. State and federal aid 50% and property taxes 31% accounted for most of the District's revenue. The remaining 19% of the revenue comes from operating grants, capital grants, charges for services, non-property taxes, investment earnings, and miscellaneous revenues.

The total cost of all the programs and services increased 20% to \$38,969,908. The District's expenses are predominately related to education and caring for the students 59%. General support which included expenses associated with the operation, maintenance and administration of the District accounted for 29% of the total costs. See table below:

### **Financial Analysis of the School District's Funds**

The financial performance of the District as a whole is reflected in its governmental funds. As the District completed the year, its governmental funds reported combined fund balances of \$10,483,511 which is greater than last year's ending fund balance of \$10,114,374.

The General Fund is the chief operating fund of the District. At the end of the current year, the total fund balance of the General Fund was \$8,959,929. Fund balance for the General Fund increased by \$1,344,991 compared with the prior year. See table below:

<b><u>General Fund Balances:</u></b>	<b><u>2020</u></b>	<b><u>2019</u></b>	<b><u>Total Variance</u></b>
Restricted	\$ 4,639,028	\$ 4,346,613	\$ 292,415

Unassigned	1,641,028	1,407,377	233,651
<b>Total General Fund Balances</b>	<b><u>\$ 8,959,929</u></b>	<b><u>\$ 7,614,938</u></b>	<b><u>\$ 1,344,991</u></b>

### **General Fund Budgetary Highlights**

The difference between the original budget and the final amended budget was \$553,395. This change is attributable to \$550,695 of carryover encumbrances from the 2018-19 school year and \$2,700 for donations.

The key factors for budget variances in the general fund are listed below along with explanations for each.

<b>Expenditure Items:</b>	<b>Budget Variance Amended Vs. Actual</b>	<b>Explanation for Budget Variance</b>
Teaching-Regular School	\$391,343	Savings due to retirements that were not replaced. Also substitute teacher savings due to closure 3/16/20 through year end due to COVID-19.
Programs for Children with Handicapping Conditions	\$384,634	Actual expenditures for students in BOCES programs less than anticipated. Also savings realized from student who did not attend residential placement as budgeted.
Employee Benefits	\$501,455	The District participates in a well-managed health insurance consortium which did not increase rates for 2019-20. In addition, retiring instructional positions were not replaced yielding savings in insurance, retirement and social security costs.

## **Capital Asset and Debt Administration**

### **Capital Assets**

By the end of the 2019-20 fiscal year, the District had invested \$40,399,539 in a broad range of capital assets, including land, buildings and improvements, and machinery and equipment. The change in capital assets, net of accumulated depreciation, is reflected below:

	<b><u>2020</u></b>	<b><u>2019</u></b>
Land	\$ 74,885	\$ 74,885
Work in Progress	2,622,644	1,517,356
Buildings and Improvements	34,949,651	37,292,459
Machinery and Equipment	2,752,359	2,654,266
<b>Total Capital Assets</b>	<b><u>\$ 40,399,539</u></b>	<b><u>\$ 41,538,966</u></b>

More detailed information can be found in the notes to the financial statements.

### **Long-Term Debt**

At year end, the District had \$69,306,678 in general obligation bonds and other long-term debt as follows:

<b><u>Type</u></b>	<b><u>2020</u></b>	<b><u>2019</u></b>
Serial Bonds	\$ 20,440,000	\$ 23,080,000
Energy Performance Contract	409,637	604,722
OPEB	46,558,318	41,927,044
Net Pension Liability	2,628,535	672,138
Unamortized Bond Premium	935,134	1,007,067
Compensated Absences	291,451	215,242
<b>Total Long-Term Obligations</b>	<b><u>\$ 71,263,075</u></b>	<b><u>\$ 67,506,213</u></b>

More detailed information can be found in the notes to the financial statements.

## **Factors Bearing on the District's Future**

The COVID-19 pandemic continues to be the predominant factor bearing on the District's future. While the district conservatively budgeted for a \$2.5M reduction in State Aid for 2020-21, actual aid remains unknown. The State Governor and Division of Budget will be assessing revenues throughout the year and may adjust state aid to school districts as the need may arise. The district is one of few in the area that is reopening in-person full-day instruction. This has created some additional expenses relative to staffing, PPE and cleaning supplies. Based on the current outlook, the \$2.5M reduction may not be as conservative as anticipated, but the district has \$4,639,028 in reserves. The district could utilize unassigned fund balance as well as reserves to cover any unanticipated decrease in aid or increase in expenditures.

There is a *Payment In Lieu of Tax* (PILOT) agreement with a local manufacturing firm which is assess for over \$24M. In 2019-20 the District received PILOT revenue from this company in the amount of \$420,656 while an additional \$172,464 of school taxes were abated. This PILOT is set to expire in 2023. Once the PILOT expires, the properties will be returned to the tax roll.

Amounts reported for governmental activities in the Statement of Activities are different because:

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. The following are the amounts by which capital outlays and additions of assets lower than depreciation in the current period:

Capital Outlay	\$ 1,205,071	
Additions to Assets, Net	792,839	
Depreciation	<u>(3,137,337)</u>	
		(1,139,427)

Bond proceeds provide current financial resources to governmental funds, but issuing debt increases long-term obligations in the Statement of Net Position. Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term obligations in the Statement of Net Position. The following details these items as they effect the governmental activities:

Debt Repayments	\$ 2,320,085	
Unamortized Bond Premium	<u>71,933</u>	
		2,392,018

In the Statement of Activities, interest is accrued on outstanding bonds, whereas in governmental funds, an interest expenditure is reported when due. (2,575)

The net OPEB liability does not require the use of current financial resources and, therefore, is not reported as an expenditure in the governmental funds. (5,386,059)

(Increase) decrease in proportionate share of net pension asset/liability reported in the Statement of Activities do not provide for or require the use of current financial resources and therefore are not reported as revenues or expenditures in the governmental funds

Employees' Retirement System	(501,422)

In the Statement of Activities, vacation pay, teachers' retirement incentive and judgments and claims are measured by the amount accrued during the year. In the governmental funds, expenditures for these items are measured by the amount actually paid. The following provides the differences of these items as presented in the governmental activities:

## **Notes To The Basic Financial Statements**

**June 30, 2020**

### **I. Summary of Significant Accounting Policies**

The financial statements of the Jordan-Elbridge Central School District, New York (the District) have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The more significant of the District's accounting policies are described below.

#### **A. Reporting Entity**

The Jordan-Elbridge Central School District is governed by the laws of New York State. The District is an independent entity governed by an elected Board of Education consisting of seven members. The President of the Board serves as the chief fiscal officer and the Superintendent is the chief executive officer. The Board is responsible for, and controls all activities related to public school education within the District. Board members have authority to make decisions, power to appoint management, and primary accountability for all fiscal matters.

The reporting entity of the District is based upon criteria set forth by GASB Statement 14, *The Financial Reporting Entity*, as amended by GASB Statement 39, *Component Units* and GASB Statement No. 61, *The Financial Reporting Entity*. The financial reporting entity consists of the primary government, organizations for which the primary government is financially accountable and other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

The District is not a component unit of another reporting entity. The decision to include a potential component unit in the District's reporting entity is based on several criteria including legal standing, fiscal dependency, and financial accountability. Based on the application of these criteria, the following is a brief review of certain entities included in the District's reporting entity.

#### **1. Extraclassroom Activity Funds**

The extraclassroom activity funds of the District represent funds of the students of the District. The Board of Education exercises general oversight of these funds. The extraclassroom activity funds are independent of the District with respect to its financial transactions, and the designation of student management. Separate audited financial statements (cash basis) of the extraclassroom activity funds can be found at the District's business office. The District accounts for assets held as an agency for various student organizations in an agency fund.

**( I. ) (Continued)**

**B. Joint Venture**

The District is a component of the Cayuga-Onondaga Board of Cooperative Educational Services (BOCES). The BOCES is a voluntary, cooperative association of school districts in a geographic area that shares planning, services, and programs which provide educational and support activities. There is no authority or process by which a school district can terminate its status as a BOCES component.

BOCES are organized under §1950 of the New York State Education Law. A BOCES Board is considered a corporate body. Members of a BOCES Board are nominated and elected by their component member boards in accordance with provisions of §1950 of the New York State Education Law. All BOCES property is held by the BOCES Board as a corporation (§1950(6)). In addition, BOCES Boards also are considered municipal corporations to permit them to contract with other municipalities on a cooperative basis under §119-n(a) of the New York State General Municipal Law.

A BOCES' budget is comprised of separate budgets for administrative, program, and capital costs. Each component school district's share of administrative and capital cost is determined by resident public school district enrollment as defined in Education Law, Section 1950(4)(b)(7). In addition, component districts pay tuition or a service fee for programs in which its students participate.

During the year, the District was billed \$4,563,546 for BOCES administrative and program costs.

The District's share of BOCES aid amounted to \$1,709,806.

Financial statements for the BOCES are available from the BOCES administrative office.

**C. Basis of Presentation**

**1. Districtwide Statements**

The Statement of Net Position and the Statement of Activities present financial information about the District's governmental activities. These statements include the financial activities of the overall government in its entirety, except those that are fiduciary. Eliminations have been made to minimize the double counting of internal transactions. Governmental activities generally are financed through taxes, state aid, intergovernmental revenues, and other exchange and non-exchange transactions. Operating grants include operating-specific and discretionary (either operating or capital) grants, while the capital grants column reflects capital specific grants.

The Statement of Activities presents a comparison between program expenses and revenues for each function of the District's governmental activities. Direct expenses are those that are specifically associated with and are clearly identifiable to a particular function. Indirect expenses, principally employee benefits, are allocated to functional areas in proportion to the payroll expended for those areas. Program revenues include charges paid by the recipients of goods or services offered by the programs, and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

( I. ) (Continued)

2. **Fund Statements**

The fund statements provide information about the District's funds, including fiduciary funds. Separate statements for each fund category (governmental and fiduciary) are presented. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column. All remaining governmental funds are aggregated and reported as nonmajor funds.

The District reports the following governmental funds:

a. **Major Governmental Funds**

**General Fund** - This is the District's primary operating fund. It accounts for all financial transactions that are not required to be accounted for in another fund.

**Special Aid Fund** - This fund accounts for the proceeds of specific revenue sources, such as federal and state grants, that are legally restricted to expenditures for specified purposes. These legal restrictions may be imposed either by governments that provide the funds, or by outside parties.

**Debt Service Fund** - This fund accounts for the accumulation of resources and the payment of principal and interest on long-term obligations for governmental activities.

b. **Nonmajor Governmental** - The other funds which are not considered major are aggregated and reported as nonmajor governmental funds as follows:

**School Lunch Fund** - Used to account for transactions of the District's lunch, breakfast and milk programs.

**Capital Projects Fund** - Used to account for the acquisition construction or major repair of capital facilities.

c. **Fiduciary** - Fiduciary activities are those in which the District acts as trustee or agent for resources that belong to others. These activities are not included in the District-wide financial statements, because their resources do not belong to the District, and are not available to be used. There are two classes of fiduciary funds:

**Private Purpose Trust Funds** - These funds are used to account for trust arrangements in which principal and income benefit annual third party awards and scholarships for students. Established criteria govern the use of the funds and members of the District or representatives of the donors may serve on committees to determine who benefits.

**Agency Funds** - These funds are strictly custodial in nature and do not involve the measurement of results of operations. Assets are held by the District as agent for various student groups or extraclassroom activity funds and for payroll or employee withholding.

( I. ) (Continued)

**D.     Measurement Focus and Basis of Accounting**

Accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as current financial resources or economic resources. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The District-Wide and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash transaction takes place. Nonexchange transactions, in which the District gives or receives value without directly receiving or giving equal value in exchange, include property taxes, grants and donations. On an accrual basis revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

The fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The District considers all revenues reported in the governmental funds to be available if the revenues are collected within one year after the end of the fiscal year.

Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

**E.     Property Taxes**

Real property taxes are levied annually by the Board of Education no later than September 1, and became a lien on August 14, 2019. Taxes are collected during the period September 3, 2019 to November 15, 2019.

Uncollected real property taxes are subsequently enforced by the Counties in which the District is located. The Counties pay an amount representing uncollected real property taxes transmitted to the Counties for enforcement to the District no later than the following April 1.

**F.     Restricted Resources**

When an expense is incurred for purposes for which both restricted and unrestricted net position are available, the District's policy concerning which to apply first varies with the intended use, and with associated legal requirements, many of which are described elsewhere in these notes.

**( I . ) (Continued)**

**G. Interfund Transactions**

The operations of the District include transactions between funds. These transactions may be temporary in nature, such as with interfund borrowing. The District typically loans resources between funds for the purpose of providing cash flow. These interfund receivables and payables are expected to be repaid within one year. Permanent transfers of funds include the transfer of expenditures and revenues to provide financing or other services.

In the District-wide statements, the amounts reported on the Statement of Net Position for interfund receivables and payables represent amounts due between different fund types (governmental activities and fiduciary funds). Eliminations have been made for all interfund receivables and payables between the funds.

The governmental funds report all interfund transactions as originally recorded. Interfund receivables and payables may be netted on the accompanying governmental funds balance sheet when it is the District's practice to settle these amounts at a net balance based upon the right of legal offset.

Refer to Note V for a detailed disclosure by individual fund for interfund receivables, payables, expenditures, and revenues activity.

**H. Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets, deferred outflows of resources, liabilities, and deferred inflows of resources and disclosure of contingent assets and liabilities at the date of the financial statements and the reported revenues and expenses/expenditures during the reporting period. Actual results could differ from those estimates. Estimates and assumptions are made in a variety of areas, including computation of encumbrances, compensated absences, potential contingent liabilities and useful lives of long-lived assets.

**I. Cash and Cash Equivalents**

The District's cash and cash equivalents consist of cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

New York State Law governs the District's investment policies. Resources must be deposited in FDIC-insured commercial banks or trust companies located within the State. Permissible investments include obligations of the United States Treasury, United States Agencies, repurchase agreements and obligations of New York State or its localities.

Collateral is required for demand and time deposits and certificates of deposit not covered by FDIC insurance. Obligations that may be pledged as collateral are obligations of the United States and its agencies and obligations of the State and its municipalities and Districts.

( I. ) (Continued)

**J.     Receivables**

Receivables are shown net of an allowance for uncollectible accounts, when applicable.

No allowance for uncollectible accounts has been provided since it is believed that such allowance would not be material.

**K.     Inventory and Prepaid Items**

Inventories of food and/or supplies for school lunch are recorded at cost on a first-in, first-out basis or, in the case of surplus food, at stated value which approximates market. Purchases of inventoriable items in other funds are recorded as expenditures at the time of purchase, and are considered immaterial in amount.

Prepaid items represent payments made by the District for which benefits extend beyond year end. These payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the District-wide and fund financial statements. These items are reported as assets on the statement of net position or balance sheet using the consumption method. A current asset for the prepaid amounts is recorded at the time of purchase and an expense/expenditure is reported in the year the goods or services are consumed.

A non-spendable fund balance for these non-liquid assets (inventories and prepaid items) has been recognized to signify that a portion of fund balance is not available for other subsequent expenditures.

**L.     Capital Assets**

In the District-wide financial statements, capital assets are accounted for at historical cost or estimated historical cost if actual is unavailable, except for donated capital assets which are recorded at their acquisition value at the date of donation.

Depreciation of all exhaustible capital assets is recorded as an allocated expense in the Statement of Activities, with accumulated depreciation reflected in the Statement of Net Position. Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation. A capitalization threshold of \$5,000 is used to report capital assets. The range of estimated useful lives by type of assets is as follows:

<u>Class</u>	<u>Capitalization Threshold</u>	<u>Depreciation Method</u>	<u>Estimated Useful Life</u>
Buildings	\$ 50,000	SL	15-50 Years
Machinery and Equipment	\$ 5,000	SL	5-25 Years

The investment in infrastructure type assets have not been segregated for reporting purposes since all costs associated with capital projects are consolidated and reported as additions to buildings and improvements.

**( I. ) (Continued)**

**M. Unearned Revenue**

The District reports unearned revenues on its Statement of Net Position and its Balance Sheet. On the Statement of Net Position, unearned revenue arises when resources are received by the District before it has legal claim to them, as when grant monies are received prior to incurrence of qualifying expenditures. In subsequent periods, when the District has legal claim to resources, the liability for unearned revenue is removed and revenue is recognized.

**N. Deferred Outflows and Inflows of Resources**

In addition to assets, the Statement of Net Position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expenses/expenditure) until then. The government has four items that qualify for reporting in this category. First is the deferred charge on refunding reported in the government-wide Statement of Net Position. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. The second item is related to pensions reported in the district-wide Statement of Net Position. This represents the effect of the net change in the District's proportion of the collective net pension asset or liability and difference during the measurement period between the District's contributions and its proportion share of total contributions to the pension systems not included in pension expense. The third item is the District contributions to the pension systems (TRS and ERS Systems) and OPEB subsequent to the measurement date. The fourth item relates to OPEB reporting in the district-wide Statement of Net Position. This represents the effect of the net change in the actual and expected experience.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The District has four items that qualify for reporting in this category. First arises only under a modified accrual basis of accounting and is reported as unavailable revenue-property taxes. The second item is related to pensions reported in the district-wide Statement of Net Position. This represents the effect of the net change in the District's proportion of the collective net pension liability (ERS System) and difference during the measurement periods between the District's contributions and its proportion share of total contributions to the pension systems not included in pension expense. The third item is revenues from grants received that have met all other eligibility requirements except those related to time restrictions. The fourth item is related to OPEB reported in the district-wide Statement of Net Position. This represents the effect on the net changes of assumptions or other inputs.

**O. Vested Employee Benefits**

**1. Compensated Absences**

Compensated absences consist of unpaid accumulated annual sick leave, vacation, and sabbatical time.

**( I. ) (Continued)**

Sick leave eligibility and accumulation is specified in negotiated labor contracts, and in individual employment contracts. Upon retirement, resignation or death, employees may contractually receive a payment based on unused accumulated sick leave.

Certain District employees are granted vacation in varying amounts, based primarily on length of service and service position. Some earned benefits may be forfeited if not taken within varying time periods.

Consistent with GASB Statement 16, Accounting for Compensated Absences, the liability has been calculated using the vesting/termination method and an accrual for that liability is included in the District-wide financial statements. The compensated absences liability is calculated based on the pay rates in effect at year end.

In the funds statements only the amount of matured liabilities is accrued within the General Fund based upon expendable and available financial resources. These amounts are expensed on a pay-as-you-go basis.

**P.     Other Benefits**

District employees participate in the New York State Employees' Retirement System and the New York State Teachers' Retirement System.

District employees may choose to participate in the District's elective deferred compensation plans established under Internal Revenue Code Sections 403(b) and 457.

In addition to providing pension benefits, the District provides post-employment health coverage to retired employees in accordance with the provision of various employment contracts in effect at the time of retirement. Substantially all of the District's employees may become eligible for these benefits if they reach normal retirement age while working for the District. Health care benefits are provided through plans whose premiums are based on the benefits paid during the year. The cost of providing post-retirement benefits may be shared between the District and the retired employee. The District recognizes the cost of providing health insurance by recording its share of insurance premiums as an expenditure.

**Q.     Short-Term Debt**

The District may issue Bond Anticipation Notes (BAN), in anticipation of proceeds from the subsequent sale of bonds. These notes are recorded as current liabilities of the funds that will actually receive the proceeds from the issuance of bonds. State law requires that a BAN issued for capital purposes be converted to long-term financing within five years after the original issue date.

( I. ) (Continued)

**R.     Accrued Liabilities and Long-Term Obligations**

Payables, accrued liabilities, and long-term obligations are reported in the district-wide financial statements. In the governmental funds, payables and accrued liabilities are paid in a timely manner and in full from current financial resources. Claims and judgments, other postemployment benefits payable and compensated absences that will be paid from governmental funds are reported as a liability in the funds financial statements only to the extent that they are due for payment in the current year. Bonds and other long-term obligations that will be paid from governmental funds are recognized as a liability in the fund financial statements when due.

Long-term obligations represent the District's future obligations or future economic outflows. The liabilities are reported as due in one year or due within more than one year in the Statement of Net Position.

**S.     Equity Classifications**

**1.     District-Wide Statements**

In the District-wide statements there are three classes of net position:

- a.     Net Investment in Capital Assets** - consists of net capital assets (cost less accumulated depreciation) reduced by outstanding balances of related debt obligations from the acquisition, constructions or improvements of those assets.
- b.     Restricted Net Position** - reports net position when constraints placed on the assets or deferred outflows of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments, or imposed by law through constitutional provisions or enabling legislation.

On the Statement of Net Position the following balances represent the restricted for other purposes:

	<u><b>Total</b></u>

Unemployment Costs	650,687
Retirement Contribution	684,439

Employee Benefit Accrued Liability	217,786
<b>Total Net Position - Restricted for Other Purposes</b>	<u><u><b>\$ 2,805,010</b></u></u>

( I. ) (Continued)

c. **Unrestricted Net Position** - reports the balance of net position that does not meet the definition of the above two classifications and is deemed to be available for general use by the District.

2. **Fund Statements**

In the fund basis statements there are five classifications of fund balance:

a. **Nonspendable Fund Balance** – Includes amounts that cannot be spent because they are either not in spendable form or legally or contractually required to be maintained intact. Nonspendable fund balance includes \$11,495 of inventory in school lunch.

b. **Restricted Fund Balances** – Includes amounts with constraints placed on the use of resources either externally imposed by creditors, grantors, contributors, or laws or regulations of other governments; or imposed by law through constitutional provisions or enabling legislation. All encumbrances of funds other than the general fund are classified as restricted fund balance. The District has established the following restricted fund balances:

**Capital Reserve** - According to Education Law §3651, must be used to pay the cost of any object or purpose for which bonds may be issued. The creation of a capital reserve fund requires authorization by a majority of the voters establishing the purpose of the reserve; the ultimate amount, its probable term and the source of the funds. Expenditures may be made from the reserve only for a specific purpose further authorized by the voters. The form for required legal notice for the vote on establishing and funding the reserve and the form of the proposition to be placed on the ballot are set forth in §3651 of the Education Law. The Reserve is accounted for in the General Fund under restricted fund balance. Year end balances are as follows:

Name of Reserve	Maximum Funding	Total Funding Provided	Total Year to Date Balance
2016 Building Capital Reserve	\$ 1,000,000	\$ 1,002,671	\$ 5,787
2017 School Bus Reserve	\$ 900,000	\$ 900,000	\$ 818,231
2019 Capital Reserve	\$ 3,000,000	\$ 1,000,000	\$ 1,010,000

**Reserve for Debt Service** - According to General Municipal Law §6-1, the Reserve for Debt Service must be established for the purpose of retiring the outstanding obligations upon the sale of District property or capital improvement that was financed by obligations that remain outstanding at the time of the sale. Also, earnings on project monies invested together with unused proceeds are reported here.

( I. ) (Continued)

**Employee Benefit Accrued Liability Reserve** - According to General Municipal Law §6-p, must be used for the payment of accrued employee benefits due to an employee upon termination of the employee's service. This reserve may be established by a majority vote of the Board, and is funded by budgetary appropriations and such other reserves and funds that may be legally appropriated.

**Liability Reserve** - According to General Municipal Law §1709(8)(c), must be used to pay for property loss and liability claims incurred. Separate funds for property loss and liability claims are required, and this reserve may not in total exceed 3% of the annual budget or \$15,000, whichever is greater.

**Retirement Contribution Reserve** - According to General Municipal Law §6-r, must be used financing retirement contributions. The reserve must be accounted for separate and apart from all other funds and a detailed report of the operation and condition of the fund must be provided to the Board.

**Teachers' Retirement Reserve** - General Municipal Law §6r was amended to include a Teachers' Retirement Reserve (TRS) sub-fund. The reserve has an annual funding limit of 2% of the prior year TRS salaries and a maximum cumulative total balance of 10% of the previous years TRS salary.

**Tax Certiorari Reserve** - According to General Municipal Law §3651.1-a, must be used to establish a reserve fund for tax certiorari claims and to expend from the fund without voter approval. The monies held in the reserve shall not exceed the amount which might reasonably be deemed necessary to meet anticipated judgments and claims arising out of tax certiorari proceedings. Any resources deposited to the reserve which are not expended for tax certiorari proceeding in the year such monies are deposited must be returned to the General Fund on or before the first day of the fourth fiscal year after deposit of these monies.

**Unemployment Insurance Reserve** - According to General Municipal Law §6-m, must be used to pay the cost of reimbursement to the State Unemployment Insurance Fund for payments made to claimants where the employer has elected to use the benefit reimbursement method. The reserve may be established by Board action and is funded by budgetary appropriations and such other funds as may be legally appropriated. Within sixty days after the end of any fiscal year, excess amounts may either be transferred to another reserve or the excess applied to the appropriations of the next succeeding fiscal year's budget. If the District elects to convert to tax (contribution) basis, excess resources in the fund over the sum sufficient to pay pending claims may be transferred to any other reserve fund.

**Workers' Compensation Reserve** - According to General Municipal Law §6-j, must be used to pay for compensation benefits and other expenses authorized by Article 2 of the Workers' Compensation Law, and for payment of expenses of administering this self-insurance program. The reserve may be established by Board action, and is funded by budgetary appropriations and such other funds as may be legally appropriated. Within sixty days after the end of any fiscal year, excess amounts may either be transferred to another reserve or the excess applied to the appropriations of the next succeeding fiscal year's budget.

( I. ) (Continued)

**Encumbrances** - Encumbrance accounting, under which purchase orders, contracts and other commitments of expenditures are recorded for budgetary control purposes in order to reserve applicable appropriations, is employed as a control in preventing over-expenditure of established appropriations. Open encumbrances are reported as restricted fund balance in all funds other than the General Fund and the School Lunch Fund, since they do not constitute expenditures or liabilities and will be honored through budget appropriations in the subsequent year.

Restricted fund balances include the following:

	<b><u>Total</u></b>
<b><u>General Fund -</u></b>	
Workers' Compensation	\$ 273,183
Unemployment Costs	650,687
Retirement Contribution	684,439
Insurance	153,015
Tax Certiorari	131,567
Capital Reserve	1,834,018
Teachers' Retirement	402,000
Liability	292,333
Employee Benefit Accrued Liability	217,786
<b><u>Debt Service Fund -</u></b>	
Debt Service	1,442,634
<b>Total Restricted Fund Balance</b>	<b><u>\$ 6,081,662</u></b>

The District appropriated and/or budgeted funds from the following reserves for the 2020-21 budget:

	<b><u>Total</u></b>
School Bus Reserve	\$ 200,000
Unemployment Costs	50,000
<b>Total</b>	<b><u>\$ 250,000</u></b>

c. **Committed** - Includes amounts that can only be used for the specific purposes pursuant to constraints imposed by formal action of the school districts highest level of decision making authority, i.e., the Board of Education. The District has no committed fund balances as of June 30, 2020.

d. **Assigned Fund Balance** – Includes amounts that are constrained by the District's intent to be used for specific purposes, but are neither restricted nor committed. All encumbrances of the General Fund are classified as assigned fund balance. Encumbrances represent purchase commitments made by the District's purchasing agent through their authorization of a purchase order prior to year end. The District assignment is based on the functional level of expenditures.

( I. ) (Continued)

Management has determined significant encumbrances for the General Fund to be \$182,000. The District reports the following significant encumbrances:

<b><u>General Fund -</u></b>	
Instructional	<u><u>\$ 318,368</u></u>
<b><u>Capital Projects Fund -</u></b>	
Capital Outlay	<u><u>\$ 1,840,991</u></u>

Assigned fund balances include the following:

	<b><u>Total</u></b>
General Fund - Encumbrances	\$ 541,873
General Fund - Appropriated for Taxes	2,138,000
School Lunch Fund - Year End Equity	86,586
<b>Total Assigned Fund Balance</b>	<u><u>\$ 2,766,459</u></u>

e. **Unassigned Fund Balance** –Includes all other general fund amounts that do not meet the definition of the above four classifications and are deemed to be available for general use by the school district and could report a surplus or deficit. In funds other than the general fund, the unassigned classification is used to report a deficit fund balance resulting from overspending for specific purposes for which amounts had been restricted or assigned.

NYS Real Property Tax Law 1318 limits the amount of unexpended surplus funds a school district can retain to no more than 4% of the District's budget for the general fund for the ensuing fiscal year. Nonspendable and restricted fund balance of the general fund are excluded from the 4% limitation. Amounts appropriated for the subsequent year and encumbrances are also excluded from the 4% limitation.

3. **Order of Use of Fund Balance**

The District's policy is to apply expenditures against nonspendable fund balance, restricted fund balance, committed fund balance, assigned fund balance, and unassigned fund balance at the end of the fiscal year. For all funds, nonspendable fund balances are determined first and then restricted fund balances for specific purposes are determined. Any remaining fund balance amounts for funds other than the general fund are classified as restricted fund balance. In the general fund, the remaining amounts are reported as unassigned. Assignments of fund balance cannot cause a negative unassigned fund balance.

T. **New Accounting Standards**

The District has adopted all current Statements of the Governmental Accounting Standards Board (GASB) that are applicable. At June 30, 2020, the District implemented the following new standards issued by GASB:

GASB has issued Statement 92, *Omnibus 2020, Paragraphs 1-11a, and 12.*

GASB has issued Statement No. 95, *Postponement of the Effective Dates for Certain Authoritative Guidance.*

**( I. ) (Continued)**

**U. Future Changes in Accounting Standards**

GASB has issued Statement 84, *Fiduciary Activities*, which will be effective for the periods beginning after December 15, 2019.

GASB has issued Statement 87, *Leases*, which will be effective for the periods beginning after December 15, 2019.

GASB has issued Statement 89, *Accounting for Interest Cost Incurred before the End of a Construction Period*, which will be effective for reporting periods beginning after December 15, 2020.

GASB has issued Statement No. 90, *Majority Equity Interests, an amendment of GASB Statements No. 14 and No. 61*, which will be effective for reporting periods beginning after December 15, 2019.

GASB has issued Statement No. 91, *Conduit Debt Obligations*, which will be effective for reporting periods beginning after December 15, 2021.

GASB has issued Statement No. 92, *Omnibus 2020, Paragraphs 6, 7, 8, 9, 10, 12*, which will be effective for reporting periods beginning after June 15, 2021.

GASB has issued Statement No. 93, *Replacement of Interbank Offered Rates, Paragraphs 1-11a, and 12*, which will be effective for reporting periods beginning after June 15, 2020.

GASB has issued Statement No. 93, *Replacement of Interbank Offered Rates, Paragraphs 13 and 14*, which will be effective for reporting periods beginning after June 15, 2021.

GASB has issued Statement No. 93, *Replacement of Interbank Offered Rates, Paragraphs 11b*, which will be effective for reporting periods beginning after December 15, 2021.

GASB has issued Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*, which will be effective for reporting periods beginning after June 15, 2022.

The District will evaluate the impact each of these pronouncements may have on its financial statements and will implement them as applicable and when material.

**II. Stewardship, Compliance and Accountability**

By its nature as a local government unit, the District is subject to various federal, state and local laws and contractual regulations. An analysis of the District's compliance with significant laws and regulations and demonstration of its stewardship over District resources follows.

**A. Budgets**

The District administration prepares a proposed budget for approval by the Board of Education for the General Fund.

**( II. ) (Continued)**

The voters of the District approved the proposed appropriation budget.

Appropriations established by adoption of the budget constitute a limitation on expenditures (and encumbrances) which may be incurred. Appropriations lapse at the end of the fiscal year unless expended or encumbered. Encumbrances will lapse if not expended in the subsequent year. Appropriations authorized for the current year are increased by the planned use of specific reserves, and budget amendments approved by the Board of Education as a result of selected new revenue sources not included in the original budget (when permitted by law). These supplemental appropriations may occur subject to legal restriction, if the Board approves them because of a need which exists which was not determined at the time the budget was adopted. During the 2019-20 fiscal year, the budget was increased by \$550,695 for prior year carryover encumbrances and \$2,700 for donations.

Budgets are adopted annually on a basis consistent with GAAP. Appropriations authorized for the year are increased by the amount of encumbrances carried forward from the prior year.

Budgets are established and used for individual capital projects fund expenditures as approved by a special referendum of the District's voters. The maximum project amount authorized is based primarily upon the cost of the project, plus any requirements for external borrowings, not annual appropriations. These budgets do not lapse and are carried over to subsequent fiscal years until the completion of the projects.

**B. Encumbrances**

Encumbrance accounting is used for budget control and monitoring purposes and is reported as a part of the governmental funds. Under this method, purchase orders, contracts, and other commitments for the expenditure of monies are recorded to reserve applicable appropriations. Outstanding encumbrances as of year end are presented as reservations of fund balance and do not represent expenditures or liabilities. These commitments will be honored in the subsequent period. Related expenditures are recognized at that time, as the liability is incurred or the commitment is paid.

**C. Real Property Tax Law**

The District's unreserved undesignated fund balance was in excess of the New York State Real Property Tax Law §1318 limit, which restricts it to an amount not greater than 4% of the District's budget for the upcoming school year.

**D. Deficit Net Position**

The District-wide net position had a deficit at June 30, 2020 of \$16,713,551. The deficit is the result of the implementation of GASB Statement 75, "Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions", which required the recognition of an unfunded liability of \$46,558,318 at June 30, 2020. Since New York State Laws provide no mechanism for funding the liability, the subsequent accruals are expected to increase the deficit.

**E. Deficit Fund Balance – Capital Projects Fund**

The Capital Projects Fund had a deficit undesignated fund balance of \$12,549 at June 30, 2020, which is a result of expenses incurred by the 2018 renovation project before receiving financing.

### III. Cash and Cash Equivalents

**Credit risk:** In compliance with the State Law, District investments are limited to obligations of the United States of America, obligations guaranteed by agencies of the United States of America where the payment of principal and interest are guaranteed by the United States of America, obligations of the State, time deposit accounts and certificates of deposit issued by a bank or trust company located in, and authorized to do business in, the State, and obligations issued by other municipalities and authorities within the State.

**Concentration of Credit risk:** To promote competition in rates and service cost, and to limit the risk of institutional failure, District deposits and investments are placed with multiple institutions. The District's investment policy limits the amounts that may be deposited with any one financial institution.

**Interest rate risk:** The District has an investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from rising interest rates

The District's aggregate bank balances (disclosed in the financial statements), included balances not covered by depository insurance at year end, collateralized as follows:

Uncollateralized	\$	-
Collateralized with Securities held by the Pledging Financial Institution		249,115
Collateralized within Trust Department or Agent		1,244,223
<b>Total</b>	<b>\$</b>	<b><u>1,493,338</u></b>

Restricted cash represents cash where use is limited by legal requirements. These assets represent amounts required by statute to be reserved for various purposes. Restricted cash as of year end includes \$6,081,662 within the governmental funds and \$23,260 in the fiduciary funds.

### IV. Receivables

Receivables at June 30, 2020 for individual major funds and nonmajor funds, including the applicable allowances for uncollectible accounts, are as follows:

<u>Description</u>	<u>Governmental Activities</u>				<u>Total</u>
	<u>General Fund</u>	<u>Special Aid Fund</u>	<u>Capital Projects Fund</u>	<u>School Lunch Fund</u>	
Accounts Receivable	\$ 537	\$ -	\$ -	\$ 37	\$ 574
Due From State and Federal	1,602,777	1,063,811	190,200	108,947	2,965,735
<b>Total Receivables</b>	<b><u>\$ 1,603,314</u></b>	<b><u>\$ 1,063,811</u></b>	<b><u>\$ 190,200</u></b>	<b><u>\$ 108,984</u></b>	<b><u>\$ 2,966,309</u></b>

District management has deemed the amounts to be fully collectible.

V. **Interfund Receivables, Payables, Revenues and Expenditures**

Interfund Receivables, Payables, Revenues and Expenditures at June 30, 2020 were as follows:

	<b>Interfund</b>			
	<b><u>Receivables</u></b>	<b><u>Payables</u></b>	<b><u>Revenues</u></b>	<b><u>Expenditures</u></b>
General Fund	\$ 1,081,851	\$ -	\$ -	\$ 388,029
Special Aid Fund	-	1,067,736	278,246	-
School Lunch Fund	-	-	10,000	-
Debt Service Fund	-	365	299,043	-
Capital Projects Fund	-	13,750	99,783	299,043
<b>Total</b>	<b><u>\$ 1,081,851</u></b>	<b><u>\$ 1,081,851</u></b>	<b><u>\$ 687,072</u></b>	<b><u>\$ 687,072</u></b>

Interfund receivables and payables between governmental activities are eliminated on the Statement of Net Position. The District typically loans resources between funds for the purpose of mitigating the effects of transient cash flow issues. All interfund payables are not necessarily expected to be repaid within one year.

Transfers are used to finance certain special aid programs, support capital project expenditures, school lunch programs and debt service expenditures.

VI. **Capital Assets**

Capital asset balances and activity were as follows:

<b><u>Type</u></b>	<b><u>Balance 7/1/2019*</u></b>	<b><u>Additions</u></b>	<b><u>Deletions</u></b>	<b><u>Balance 6/30/2020</u></b>

<b>Total</b>	<b>\$ 20,440,000</b>	<b>\$ 4,581,503</b>	<b>\$ 409,637</b>	<b>\$ 20,325</b>

On June 2, 2020, the District issued \$7,965,000 in general obligation bonds with an average interest rate of 3.5% to advance refund \$8,480,000 of outstanding serial bonds with an average interest rate of 2.9%. The net proceeds of \$8,593,119 (after payment of \$115,597 in underwriting fees, insurance and other issuance costs) were used to purchase United States government securities. Those securities were deposited in an irrevocable trust with an escrow agent to provide for all future debt service payments on the bonds. As a result, the bonds are considered to be defeased, and the liability for those bonds has been removed from the District's financial statements. The District advance refunded the bonds to revise its payment schedules due to changes in New York State's aid payment schedules. The economic gain (the difference between the present value of the debt service payments on the old and new debt) is approximately \$296,063.

In prior years, the District defeased certain general obligations and other bonds by placing the proceeds of new bonds in an irrevocable trust to provide for all future debt service payments on the old bonds. Accordingly, the trust account assets and the liability for the defeased bonds are not included in the District's financial statements. \$11,500,000 of bonds outstanding are considered defeased.

Interest on long-term debt for June 30, 2020 was composed of:

Interest Paid	\$ 791,295
Amortization of Bond Premium	(71,933)
Less: Interest Accrued in the Prior Year	(187,457)
Plus: Interest Accrued in the Current Year	190,032
<b>Total Long-Term Interest Expense</b>	<b>\$ 721,937</b>

**VIII. Deferred Inflows/Outflows of Resources**

The following is a summary of the deferred inflows/outflows of resources:

	<b>Deferred Outflows</b>	<b>Deferred Inflows</b>

## **IX. Pension Plans**

### **A. General Information**

The District participates in the New York State Teacher's Retirement System (TRS) and the New York State and Local Employee's Retirement System (ERS). These are cost-sharing multiple employer public employee retirement systems. The Systems offer a wide range of plans and benefits, which are related to years of service and final average salary, vesting of retirement benefits, death, and disability.

### **B. Provisions and Administration**

A 10 member Board of Trustees of the New York State Teachers' Retirement Board administers TRS. TRS provides benefits to plan members and beneficiaries as authorized by the Education Law and the New York State Retirement and Social Security Law (NYSRSSL). Membership is mandatory and automatic for all full-time teachers, teaching assistants, guidance counselors and administrators employed in New York Public Schools and BOCES who elected to participate in TRS. Once a public employer elects to participate in the system, the election is irrevocable. The New York State Constitution provides that pension membership is a contractual relationship and plan benefits cannot be diminished or impaired. Benefits can be changed for future members only by enactment of a State statute. TRS issues a publicly available financial report that contains financial statements and required supplementary information. The report may be obtained by writing to NYRS, 10 Corporate Woods Drive, Albany, New York 12211-2395 or by referring to the TRS Comprehensive Annual Financial report, which can be found on the System's website at [www.nysttrs.org](http://www.nysttrs.org).

ERS provides retirement benefits as well as death and disability benefits. The net position of the System is held in the New York State Common Retirement Fund (the Fund), which was established to hold all net assets and record changes in plan net position allocated to the System. The Comptroller of the State of New York serves as the trustee of the Fund and is the administrative head of the System. NYSRSSL govern obligations of employers and employees to contribute, and benefits to employees. Once a public employer elects to participate in the System, the election is irrevocable. The New York State Constitution provides that pension membership is a contractual relationship and plan benefits cannot be diminished or impaired. Benefits can be changed for future members only by enactment of a State statute. The District also participates in the Public Employees' Group Life Insurance Plan (GLIP), which provides death benefits in the form of life insurance. The System is included in the State's financial report as a pension trust fund. ERS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to NYSERS, Office of the State Comptroller, 110 State Street, Albany, New York 12244 or by referring to the ERS Comprehensive Annual Report, which can be found at [www.osc.state.ny.us/retire/publications/index.php](http://www.osc.state.ny.us/retire/publications/index.php).

### **C. Funding Policies**

The Systems are noncontributory except for employees who joined after July 27, 1976, who contribute 3 percent of their salary for the first ten years of membership, and employees who joined on or after January 1, 2010 who generally contribute 3.0 to 3.5 percent of their salary for their entire length of service. In addition, employee contribution rates under ERS tier VI vary based on a sliding salary scale. For TRS, contribution rates are established annually by the New York State Teachers' Retirement Board pursuant to Article 11 of the Education Law. For ERS, the Comptroller annually certifies the actuarially determined rates expressly used in computing the employers' contributions for the ERS' fiscal year ended March 31. The District paid 100% of the required contributions as billed by the TRS and ERS for the current year.

**D. Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources related to Pensions**

At June 30, 2020, the District reported the following asset/(liability) for its proportionate share of the net pension asset /(liability) for each of the Systems. The net pension asset/(liability) was measured as of March 31, 2020 for ERS and June 30, 2019 for TRS. The total pension asset/(liability) used to calculate the net pension asset/(liability) was determined by an actuarial valuation. The District's proportion of the net pension asset/(liability) was based on a projection of the District's long-term share of contributions to the Systems relative to the projected contributions of all participating members, actuarially determined. This information was provided by the TRS and ERS Systems in reports provided to the District.

For the year ended June 30, 2020, the District recognized pension expenses of \$884,818 for ERS and \$1,971,283 for TRS. At June 30, 2020 the District's reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<u>Year</u>	<u>ERS</u>	<u>TRS</u>
2020	\$ -	\$ 718,245
2021	257,539	41,273
2022	387,222	715,625

<b>Total</b>	<b>\$ 1,531,903</b>	<b>\$ 1,957,023</b>

**E. Actuarial Assumptions**

The total pension liability as of the measurement date was determined by using an actuarial valuation as noted in the table below, with update procedures used to roll forward the total pension liability to the measurement date. The actuarial valuations used the following actuarial assumptions:

	<u>ERS</u>	<u>TRS</u>
Measurement date	March 31, 2020	June 30, 2019
Actuarial valuation date	April 1, 2019	June 30, 2018
Interest rate	6.80%	7.10%
Salary scale	4.20%	4.72%-1.90%
Decrement tables	April 1, 2010- March 31, 2015 System's Experience	July 1, 2009- June 30, 2014 System's Experience
Inflation rate	2.50%	2.20%
COLA's	1.30%	1.30%

For ERS, annuitant mortality rates are based on April 1, 2010 – March 31, 2015 System experience with adjustments for mortality improvements based on the Society of Actuaries' Scale MP-2018. For TRS, annuitant mortality rates are based on plan member experience adjustments for mortality improvements based on Society of Actuaries Scale MP-2018.

The long term rate of return on pension plan investments was determined using a building block method in which best estimate ranges of expected future real rates of return (expected returns net of investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of the arithmetic real rates of return for each major asset class included in the target asset allocation as of March 31, 2020 are summarized as follows:

( IX. ) (Continued)

<b>Long Term Expected Rate of Return</b>		
	<b><u>ERS</u></b>	<b><u>TRS</u></b>
Measurement date	March 31, 2020	June 30, 2019
<b><u>Asset Type -</u></b>		
Domestic equity	4.05%	6.30%
International equity	6.15%	7.80%
Global equity	0.00%	7.20%
Private equity	6.75%	9.90%
Real estate	4.95%	4.60%
Absolute return strategies *	3.25%	0.00%
Opportunistic portfolios	4.65%	0.00%
Real assets	5.95%	0.00%
Bonds and mortgages	0.75%	0.00%

Domestic fixed income securities	0.00%	1.30%
Global fixed income securities	0.00%	0.90%
Short-term	0.00%	0.30%

The real rate of return is net of the long-term inflation assumption of 2.5% for ERS and 2.2% for TRS.

\* Excludes equity-oriented long-only funds. For investment management purposes, these funds are included in domestic equity and international equity.

**F. Discount Rate**

The discount rate used to calculate the total pension liability was 6.8% for ERS and 7.10% for TRS. The projection of cash flows used to determine the discount rate assumes that contributions from plan members will be made at the current contribution rates and that contributions from employers will be made at statutorily required rates, actuarially. Based upon the assumptions, the Systems' fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

**G. Sensitivity of the Net Pension Liability to the Discount Rate Assumption**

The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 6.80% for ERS and 7.10% for TRS, as well as what the District's proportionate share of the net pension asset/(liability) would be if it were calculated using a discount rate that is 1-percentagepoint lower (5.80% for ERS and 6.10% for TRS ) or 1-percentage-point higher (7.80% for ERS and 8.10% for TRS) than the current assumption :

**H. Pension Plan Fiduciary Net Position**

The components of the current year net pension asset/(liability) of the employers as of the respective valuation dates, were as follows:

	<b>(In Thousands)</b>	
	<b><u>ERS</u></b>	<b><u>TRS</u></b>
Measurement date	March 31, 2020	June 30, 2019
Employers' total pension liability	\$ 194,596,261	\$ 119,879,474

Ratio of plan net position to the employers' total pension asset/(liability)	86.39%	102.20%

**I. Payables to the Pension Plan**

For ERS, employer contributions are paid annually based on the System's fiscal year which ends on March 31<sup>st</sup>. Accrued retirement contributions as of June 30, 2020 represent the projected employer contribution for the period of April 1, 2020 through June 30, 2020 based on paid ERS wages multiplied by the employer's contribution rate, by tier. Accrued retirement contributions as of June 30, 2020 amounted to \$121,539.

For TRS, employer and employee contributions for the fiscal year ended June 30, 2020 are paid to the System in September, October and November 2020 through a state aid intercept. Accrued retirement contributions as of June 30, 2020 represent employee and employer contributions for the fiscal year ended June 30, 2020 based on paid TRS wages multiplied by the employer's contribution rate, by tier and employee contributions for the fiscal year as reported to the TRS System. Accrued retirement contributions as of June 30, 2020 amounted to \$975,442.

**X. Postemployment Benefits**

**A. General Information About the OPEB Plan**

*Plan Description* – The District’s defined benefit OPEB plan, provides OPEB for all permanent full-time general and public safety employees of the District. The plan is a single-employer defined benefit OPEB plan administered by the District. Article 11 of the State Compiled Statutes grants the authority to establish and amend the benefit terms and financing requirements to the District Board. No assets are accumulated in a trust that meets the criteria in paragraph 4 of Statement 75.

*Benefits Provided* – The District provides healthcare and life insurance benefits for retirees and their dependents. The benefit terms are dependent on which contract each employee falls under. The specifics of each contract are on file at the District offices and are available upon request.

*Employees Covered by Benefit Terms* – At March 31, 2020, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefit payments	281
Active Employees	215
<b>Total</b>	<b>\$ 496</b>

**B. Total OPEB Liability**

The District’s total OPEB liability of \$46,558,318 was measured as of March 31, 2020, and was determined by an actuarial valuation as of that date.

*Actuarial Assumptions and Other Inputs* – The total OPEB liability in the June 30, 2020 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.2 percent
Salary Increases	3.22 percent, average, including inflation
Discount Rate	2.48 percent
Healthcare Cost Trend Rates	5.2 percent for 2016, decreasing to an ultimate rate of 4.18 percent
Retirees' Share of Benefit-Related Costs	Varies between 8 and 15 percent depending on contract

The discount rate was based on a tax exempt, high quality 20-year tax-exempt general obligation municipal bond yield or index rate.

Mortality rates were based on 2015 NYSTRS retirement mortality rates, as appropriate, with adjustments for mortality improvements based on Scale AA.

( X. ) (Continued)

**C. Changes in the Total OPEB Liability**

Balance at June 30, 2019	\$ 41,927,044
<u>Changes for the Year -</u>	
Service cost	\$ 1,274,611

Benefit payments	(1,246,864)
Net Changes	\$ 4,631,274
<b>Balance at June 30, 2020</b>	<b>\$ 46,558,318</b>

Changes of benefit terms reflect the following:

- The Single Discount Rate changed from 3.44% to 2.48% effective June 30, 2020.
- Mortality rate updated to rates based on Pub-2010 Public Retirement Plans mortality tables, headcount-weighted, without contingent survivor mortality, fully generational using scale MP-2019.
- Dental reimbursements are no longer assumed to increase with dental trend.
- Salary scale changed from 3.36% to 3.22% effective June 30, 2020.

*Sensitivity of the Total OPEB Liability to Changes in the Discount Rate* – The following presents the total OPEB liability of the District, as well as what the District's total OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (1.48 percent) or 1-percentage-point higher (3.48 percent) than the current discount rate:

	1% Decrease <u>(1.48%)</u>	Discount Rate <u>(2.48%)</u>	1% Increase <u>(3.48%)</u>
Total OPEB Liability	\$ -	\$ 46,558,318	\$ -

*Sensitivity of the Total OPEB Liability to Changes in the Healthcare Cost Trend Rates* – The following presents the total OPEB liability of the District, as well as what the District's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower (4.2 percent decreasing to 3.18 percent) or 1-percentage-point higher (6.2 percent decreasing to 5.18 percent) than the current healthcare cost trend rate:

	1% Decrease <u>(4.2% Decreasing to 3.18%)</u>	Healthcare Cost Trend Rates <u>(5.2% Decreasing to 4.18%)</u>	1% Increase <u>(6.2% Decreasing to 5.18%)</u>

**D. OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB**

For the year ended June 30, 2020, the District recognized OPEB expense of \$1,906,380. At June 30, 2020, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
Differences between expensed and actual experience	\$ 885,941	\$ 5,223,896
Changes of assumptions	4,069,436	1,778,556

**XI. Risk Management**

**A. General Information**

The District is exposed to various risks of loss related to injuries to employees, theft, damages, natural disasters, etc. These risks are covered by commercial insurance purchased from independent third parties. Settled claims from these risks have not exceeded commercial insurance coverage for the past two years.

**B. Health Plan**

The District participates in the Cayuga-Onondaga Counties area schools BOCES Health and Dental Plan, a risk-sharing pool, to insure Health Care and Dental claims. The District's share of the expenditures for claims for the year ended June 30, 2020 was \$3,640,842.

( XI. ) (Continued)

**C.     Unemployment**

District employees are entitled to coverage under the New York State Unemployment Insurance Law. The District has elected to discharge its liability to the New York State Unemployment Insurance Fund (the Fund) by the benefit reimbursement method, a dollar-for-dollar reimbursement to the fund for benefits paid from the fund to former employees. The District has established a self insurance fund to pay these claims. This program did not have any claim and judgment expenditures for the 2019-20 fiscal year. The balance of the fund at June 30, 2020 was \$650,687 and is recorded in the General Fund as an Unemployment Insurance Reserve. In addition, as of June 30, 2020, no loss contingencies existed or were considered probable or estimable for incurred but not reported claims payable.

**D.     Workers' Compensation**

The District incurs costs related to the New York State Public Schools Statewide Workers' Compensation Trust (Trust) made up of a nonprofit unincorporated association of public school districts within the State of New York. The Trust's objectives are to furnish workers' compensation benefits to participating districts at a significant cost savings. Membership in the Trust may be offered to any public school district within the State of New York with the approval of the Board of Directors. Voluntary withdrawal from the Trust may be effective only once annually on the last day of the Plan year as may be established by the Board of Director. Notice of Intention to Withdraw must be given in writing to the Chairman of the Board of Directors and the Treasurer not less than 120 days prior to the end of the Trust year.

Trust membership is currently comprised of twenty districts. If a surplus of participants' assessments exists after the close of a Trust year, the Board may retain from such surplus an amount sufficient to establish and maintain a claim contingency fund. Surplus funds in excess of the amount transferred to or included in such contingency fund shall be applied in reduction of the next annual assessment or to the billing of Trust participants. All monies paid to the Treasurer by participants shall be commingled and administered as a common fund. No refunds shall be made to a participant and no assessments are charged to a participant other than the annual premium equivalent. However, if it appears to the Board of Directors that the liabilities of the Trust will exceed its cash assets, after taking into account any "excess insurance", the Board shall determine the amount needed to meet such deficiency and shall assess such amount against all participants pro-rata per enrollee.

The Trust purchases, on an annual basis, stop-loss insurance policies to limit its exposure for claims paid.

The Trust establishes a liability for both reported and unreported insured events, which includes estimates of both future payments of losses and related claim adjustment expenses. However, because actual claims costs depend on complex factors, the process used in computing claims liabilities does not necessarily result in an exact amount. Such claims are based on the ultimate cost of claims (including future claim adjustment expenses) that have been reported but not settled, and claims that have been incurred but not reported.

Adjustments to claims liabilities are charged or credited to expenses in the periods in which they are made. During the year ended June 30, 2020, the District incurred premiums or contribution expenditures totaling \$225,554.

**( XI. ) (Continued)**

The Plan is audited on an annual basis and is available from the Trust. The most recent audit available for the year ended June 30, 2019, revealed that the Trust was in a deficit of \$2,780,122. The District's portion of this deficit could not be estimated as of the audit date.

**XII. Commitments and Contingencies**

**A. Litigation**

There is one pending lawsuit in federal court in which it is believed to be covered by the District's insurance.

**B. Grants**

The District has received grants, which are subject to audit by agencies of the State and Federal Governments. Such audits may result in disallowances and a request for a return of funds. Based on prior years' experience, the District's administration believes disallowances, if any, will be immaterial.

**XIII. Tax Abatement**

The County of Onondaga IDA, and the District enter into various property tax abatement programs for the purpose of Economic Development. As a result the district property tax revenue was reduced \$658,387. The District received payment in lieu of tax (PILOT) payment totaling \$443,104 to help offset the property tax reduction. The total net tax abated was \$215,283.

**XIV. Restatement of Net Position**

The District determined that fixed assets had to be restated. Therefore, the following restatements were made as of June 30, 2020.

	<b>Districtwide Statements Governmental Activities</b>
Net position as previously reported at June 30, 2019	\$ (9,303,946)
Adjustments	
To restate opening fixed assets	(1,907,455)
Net position as restated at June 30, 2020	<u>\$ (11,211,401)</u>

## **XV. Subsequent Event**

On August 13, 2020, the Division of the Budget (DOB) issued the FY 2021 First Quarterly State Budget Financial Plan Update which notes that, in the absence of Federal action since enactment of the FY 2021 budget, DOB began withholding 20 percent of most local aid payments in June, which includes 3609-a General Aid, , 3609-b Excess Cost Aid, 3609-d BOCES Aid payments, and that all or a portion of these withholds may be converted to permanent reductions, depending on the size and timing of new Federal aid, if any.

DOB's Updated Financial Plan includes \$8.2 billion in recurring local aid reductions, and states that the earliest DOB expects to transmit a detailed aid-to-localities reduction plan to the Legislature is late in the second quarter of the State's FY 2021, and that, in the absence of unrestricted Federal Aid, the DOB will continue to withhold a range of payments through the second quarter of FY 2021.

## **XVI. COVID-19**

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the "COVID-19 outbreak") and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The outbreak and continuing effects of the COVID-19 health crisis in the State has had and is expected to have a significantly adverse effect on the State's financial condition. On April 25, 2020 the New York State Division of the Budget announced that the FY 2021 Enacted State Budget Financial Plan (the "Financial Plan") projects a \$13.3 billion shortfall, or 14%, in revenue from the Executive Budget Forecast released in January and estimates a \$61 billion decline through FY 2024 as a direct consequence of the COVID-19 pandemic. As a result, in the absence of Federal assistance, initial budget control actions outlined in the Financial Plan will reduce spending by \$10.1 billion from the Executive Budget. This represents a \$7.3 billion reduction in state spending from FY 2020 levels. The \$10.1 billion in spending reductions from the levels proposed in the Executive Budget include a \$8.2 billion reduction in "aid-to-localities", a broad spending category that includes funding for health care, K-12 schools, and higher education as well as support for local governments, public transit systems, and the State's not-for-profit partners. The dramatic decline in the State General Fund receipts is not a one-year problem. The Division of the Budget expects the reduced receipts to carry through each subsequent year of the four year Financial Plan, creating a total loss of \$60.5 billion through FY 2024 compared to the Executive Budget. According to the four year financial plan released by the State on May 8, 2020, as a result of the COVID-19 pandemic, State spending will be significantly reduced. Such reductions will include reductions to "aid to localities" which includes State aid to school districts, including the School District. Any significant reductions or delays in the payment of State aid could adversely affect the financial condition of school districts in the State.

## **Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With *Government Auditing Standards***

### **Independent Auditors' Report**

To the Board of Education  
Jordan-Elbridge Central School District, New York

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Jordan Elbridge Central School District, New York, as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the Jordan-Elbridge Central School District, New York's basic financial statements, and have issued our report thereon dated September 2, 2020.

### ***Internal Control Over Financial Reporting***

In planning and performing our audit of the financial statements, we considered the Jordan-Elbridge Central School District, New York's internal control over financial reporting to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Jordan-Elbridge Central School District, New York's internal control. Accordingly, we do not express an opinion on the effectiveness of the Jordan-Elbridge Central School District, New York's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### ***Compliance and Other Matters***

As part of obtaining reasonable assurance about whether the Jordan-Elbridge Central School District, New York's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### ***Purpose of this Report***

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

To the Board of Education  
Jordan-Elbridge Central School District, New York

In planning and performing our audit of the financial statements of the governmental activities, each major fund and the aggregate remaining fund information of the Jordan-Elbridge Central School District, New York as of and for the year ended June 30, 2020, in accordance with auditing standards generally accepted in the United States of America, we considered the Jordan-Elbridge Central School District, New York's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described in the first paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses. Given these limitations during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## **Prior Year Deficiency Pending Corrective Action:**

### **Fund Balance**

As of June 30, 2020, the District's unassigned fund balance exceeded the four percent (4%) maximum allowed by Section 1318 of the Real Property Tax Law by \$385,428.

We recommend the District monitor fund balance as it relates to Section 1318 of the Real Property Tax Law.

## **Current Year Deficiencies in Internal Control:**

### **Coaching Stipend**

During our payroll examination, it appeared a coach was overpaid based on the Board approved stipend.

We recommend this situation be reviewed and the appropriate corrective action be implemented.

### **Salary Notices**

Our payroll examination revealed twenty instances where salary notices were not signed.

We recommend the District implement the appropriate corrective action in the upcoming fiscal year.

### **Vendor Change Reports**

During the course of our examination, we noted the District does not currently have a procedure in place where someone independent of the accounts payable department reviews vendor change reports.

We recommend this situation be reviewed and the appropriate corrective action be implemented for an independent review of vendor change reports.

## **Other Items:**

The following items are not considered to be deficiencies in internal control, however, we consider them other items which we would like to communicate to you as follow:

### **Cyber Risk Management**

The AICPA Center for Audit Quality recently issued a cyber security risk management document discussing cyber threats that face both public and private entities. The District's IT personnel routinely assesses cyber risk as part of their normal operating procedures. We recommend the District continue to document their cyber risk assessment process in writing which should include the risk assessment process, the frequency of the risk assessment, how findings are to be communicated to the appropriate level of management, and how the process will be monitored.

### **Self Assessment**

Auditing standards require management to maintain an understanding of their internal controls. Management is required to complete and document a written self-assessment of their internal control.

To aid in the documentation of management's understanding of their internal controls, we recommend the District document in writing the process and procedures performed on a daily basis for the various business office functions (payroll, cash receipts, cash disbursements, bank reconciliations, and monthly closing).

**(Other Items) (Continued)**

**GASB Statement No. 84**

During this next fiscal year the District will be required to implement GASB Statement No. 84 which will modify the financial reporting for the Agency Funds.

This will require a review of the various accounts currently reported in the Agency Funds along with the extraclassroom activity policy and procedures in order to determine where to report the District's extraclassroom activity funds, scholarships, and other Agency activity.

**Prior Year Recommendations:**

We are pleased to report that the following prior year recommendations have been implemented to our satisfaction:

1. The District approved a memorandum of understanding during the year under examination to clarify the contract language for retirement payouts.
2. The District updated the investment policy to reflect the recommendations in the office of the State Comptroller bulletin regarding the deposit replacement program.

This communication is intended solely for the information and use of management, the Board, audit committee, and others within the organization and is not intended to be and should not be used by anyone other than these specified parties.
