District Wide:

- Teacher Appreciation Week this week

- District administration provided lunch for all staff from Peace, Love, and Coffee
- 3. Updates on SOAR
 - a. SOAR celebration on Friday where they recognized students for positive behavior
 - b. Completing the BIMAS assessment district wide currently
- 4. HS Relationship Survey:
 - a. We first look at the students who did not select any staff or did not participate in the survey.
 - b. Then the counselors meet with those students . Then we send the names/list to each teacher so they are aware of the students that selected them.
 - c. What I'd like to do with the data is create support groups and or one trusted adult group with the teachers . Starting off, use these groups to reinforce attendance by having the teachers do brief check-ins with the students .
 - d. In addition, using the BIMAS data we can cross reference the data and share with the teachers.
 - e. For instance if we have students that struggle with personal relationships and have selected a teacher, we can notify the teacher and the teacher can work on that area with the student.
